

SHORELINE SOLAR PRESENTS

## SOLAR COOKER BUILDING WORKSHOP

With Tom Sponheim from SOLAR COOKERS INTERNATIONAL

Wednesday September 15<sup>th</sup> 7-9pm at Shoreline Community College

Tom will instruct you on how to make a solar cooker, which you will take home with you at the end of class.

RSVP required so enough materials can be provided.

Cost: \$10 for materials.

Tom will be bringing various pots that work well in a solar cooker that will be available for sale.

What others are saying about the class:

“After I made a solar oven out of cardboard, glue and tin foil at a class, I have been cooking on my deck! I am so excited about this. It is easy, pleasant, clean and gives me a good feeling to cook like this.” Linda Stein

Solar Cookers International (SCI) promotes solar cooking and solar water pasteurization systems to benefit people and environments. For more information about Solar Cookers International go to:
