

## PARTNERSHIP FOR CLEAN INDOOR AIR (PCIA)

### [Register for the November 21 Webinar](#)

**Date:** Monday, November 21, 2011 (note new date)

**Time:** 16:00 – 17:30 Coordinated Universal Time (UTC)/Greenwich Mean Time (GMT), which is 11:00 a.m. – 12:30 p.m. Eastern Standard Time (EST)

You must be a PCIA Partner to participate in this free webinar. If you are not yet a Partner, please join now at <http://www.pciaonline.org/BecomeAPartner>.

**Important Note:** For the web portion, a high-speed internet connection is required. A dedicated phone line is also required to listen to the audio. Additional log-in and call-in information will be provided upon registration.

#### **About the Moderator...**

**Nahla Sabet, GS, Director of Regions,** is responsible for managing a team of eight Regional Managers located in Mexico, Egypt, Turkey, India, China and Singapore who form the first point of contact between the Gold Standard and different stakeholders.

For more information and to join the Partnership, visit <http://www.PCIAonline.org>.

Would you like to get an on-the-ground perspective from a Gold Standard project? If so, [register today](#) for the Partnership for Clean Indoor Air (PCIA) webinar entitled "Case Studies: Gold Standard in Practice" on November 21, 2011. This is the third webinar in a series of PCIA and The Gold Standard Foundation webinars taking place this fall as part of our efforts to increase the number of cook stove projects in the CDM, Gold Standard and voluntary carbon markets.

This Case Studies webinar will walk the participants through the details of cook stove projects that have successfully navigated the Gold Standard project cycle from the Local Stakeholder Consultation to issuance. Participants will hear directly from two successful project developers, [Impact Carbon](#) and [Proyecto Mirador](#), on their experience with the Gold Standard process and lessons learned.

By joining the webinar you will:

- Apply the fundamentals you learned in the previous two webinars "An Introduction to The Gold Standard" and "Innovations in GS Methodology."
- Learn about the most common pitfalls from the project developer's perspective.
- See examples of best practices in cookstove projects.
- Interact with award-winning Gold Standard project developers.

We look forward to sharing these programs' best practices and successful implementation approaches with you.

For additional information on this webinar, contact [moderator@PCIAonline.org](mailto:moderator@PCIAonline.org).
